FM Band

Attention: Pat Parise and Colleen Scannell

Dear Pat and Colleen:

I just wanted to take the time to thank FM Band for making our wedding day such a dream come true for me. We have received so many compliments on 'the fantastic band' that was at our wedding! The true sign of excellent entertainment is when you have a full dance floor – I do not recall that dance floor being empty at all!

As an event planning professional, I have worked with several bands and entertainers throughout my career. I have interviewed and reviewed demos of hundreds more. I truly appreciate that you opened your practice session to potential clients to really see you in action and have some "one-on-one" time to get to know the band. That is a unique opportunity that I, as a client and an event professional, consider a value to the entire experience.

I replay the introductions at our reception in my head, and I hear the band playing "The Way You Move". I absolutely LOVED it. Right before we were introduced, I told Ron, "this is what I've been waiting for, the introductions." It was exactly how I imagined it to be. I think the photo below gives you an idea of what I was feeling!

Thank you, again. I look forward to recommending you to future brides, as well as my colleagues in the event planning profession!

Sincerely,

Maria A. Ramos
